

# PORTABULL 53' COLD STORAGE HYBRID TRAILERS

For ultimate storage and flexibility, try our hybrid 53' cold trailers. These units park at loading docks, offering maximum capacity while minimizing costs. Use electric or diesel power with E-Drive™ technology from Carrier for top reliability and low life cycle costs.

While some companies consider cold storage a "specialty product" in their list of offerings, here at Portabull, it's our sole focus. **Our goal is to be the easiest company your business works with.**

Length		Height		Width	
Exterior	Interior	Exterior	Interior	Exterior	Interior
53'	51'6"	13'6"	103-1/2"	102"	97-1/2"

\*LxHxW dimensions listed are the most common for trailers; slight variations may occur depending on the manufacturer

Electrical	Set Point Range	Pallet Capacity	Door Opening	Cubic Capacity	Dock Height
460V/30A/60Hz	-20F - +95F	26	102"H x 95-5/8"W	3,600 ft <sup>3</sup>	51-1/2"
